- This program does not apply to mobile services on their own.
- There is no limit to the number of friends you can refer.
- Credit is applied once your friend's service becomes active.
- You cannot refer yourself for a subsequent account.
- The person you are referring must be aware of the benefit you receive from using your code.
- Your refer a friend code is not active and available for use until your service is active.

Aussie Broadband reserves the right, in our sole discretion, to remove your access to this program if you breach our fair and acceptable use policy, or we have otherwise formed the view that you are scamming this program.

Privacy: to participate in this program, existing customers must disclose to their friend their unique account number. Aussie Broadband does not provide existing customers with any information about referral friends, except for the fact that someone you referred has become a customer and that you will therefore receive a refer-a-friend credit.

**Loyalty offer
terms and
conditions**

Aussie Broadband from time-to-time operates a loyalty offer for invited long-term customers.

Terms and conditions of this program include:

- The dollar value of the benefit is as promoted via email at the time of offer
- The benefit is in the form of a credit applied against your account
- The benefit cannot be redeemed for cash
- The benefit cannot be transferred to another person or party
- This offer only applies to residential customers. It does not apply to any small business or business grade service.
- The offer applies to broadband services only (including nbn, OptiComm, ADSL, Naked DSL and Wireless). The credit does not apply to charges for other services or products such as a phone service, mobile service, entertainment or any hardware.
- The offer does not form a contract. You are free to change plans or cancel your service at any time during the offer (and likewise, as per our standard terms and conditions, we may provide you with relevant notice to either change or cancel your service). If we change your plan, the amount of the original credit remains in place on your account.
- If you cancel your service with us during the offer period, we will refund you the upfront amount that is remaining on your account – however, we will not refund or pay you the bonus credit
- If you change your plan with us during the offer period, your bonus credit remains at the same value (meaning if you move your plan down it will take

longer to use up, or if you move your plan up, you will use your credit faster)

Aussie Broadband reserves the right, in our sole discretion, to remove your access to this offer if you breach our fair and acceptable use policy, or we have otherwise formed the view that you are scamming this offer.
